OIL GOES
UP TWICE WITH
IN THE WEEKmermet Light is Now \$2.40
and the Heavier Grade
Two Fifteen.

Our report last week there
been two advances in Kentucky
oil, bringing the light grade of
mermet from \$1.90 to \$2.40, and the
heavier grade from \$1.50 to \$2.15. This
about the most welcome news we
have.

The increased price has slightly
curtailed activities in the Big Sandy
field. The Union Gas and Oil Com-
pany is putting 15 strings of tools to
work in the upper Blaine field. In
man and Magoffin there is evi-
dence of new life, as a few more drill-
ing operations are starting.
Nothing is stirring as yet in the Lou-
isville territory, but there is a better feel-
ing on account of increased prices but
this is not sufficient to start any-
thing unless there should be a consid-
able drop in the price of pipe.

Pipe Line Withdraws
Order to Shippers

The Cumberland Pipe Line company
has made an order requiring im-
mediate sale of oil stored in the lines.
penalty for failure to do so being
to run oil from leases that fail
to sell at once.

That order has now been withdrawn.
It is said "unless shipments con-
tinued to be made promptly, it may be
necessary to release the order."

T OF ERROR IN
THE LATTIMER CASE

Lawrence, Oct. 11.—Harry Latti-
mer, negro of Mingo-co., who was sen-
tenced to be executed at the Moun-
tain state penitentiary on October 17,
has been given a new lease of life yester-
day when the state supreme court an-
nounced a writ of error in the case in
which he was defendant and the state
prosecution.

The writ acts as a supersedeas to the
execution and the execution will not
be carried out until the final decision
is given by the court. While no
appeal was set for the hearing of argu-
ments on the writ, it was docketed for
the January term and will come up for
hearing between January 12 and March
1.

Lattimer was convicted in the Min-
ner circuit court on a charge of as-
sault on a small white girl. He was ar-
rested, indicted by the grand jury,
convicted and sentenced to be hanged
in a period of about three hours.

THE WALTERS BUILDING.

Work is being pushed with all pos-
sible haste on the Walters building, it
is expected that the new drug store
will be one of the handsomest
buildings to be found anywhere.
There will be plenty of room for the
business, which will include a mod-
ern and fully equipped fountain for
the service of soft drinks and delicacies
of various kinds.

LOOK OUT FOR DIPHTHERIA.

After childhood has passed, beware
diphtheria. Of all the deaths of chil-
dren, 3 and 4 years of age, more than
seventy are caused by diphtheria.
The preventable and when properly
treated with antitoxin is curable. Most
of the children who die from diphtheria
lose their lives because of the
negligence of parents. If your child
tells you that they are suffering
from throat, be on your guard.
In many instances by a
grayish patch in the back
of the throat. The glands in the neck
are swollen and painful, the pa-
tient is feverish and often delirious and
feeling of malaise. Call your
physician immediately and he in turn will
call the health department to have
sanitary examination of the throat.

Sanitary sewer has been extend-
ed from Washington street and will
be completed by the Snyder and Conley
company. Also, an extension is being
made from Lady Washington on Per-
kins street to the property on the back
of the lot.

F. M. VINSON IN GRAYSON

Hon. Fred M. Vinson the Democratic
candidate for Commonwealth's Attor-
ney, is here this week shaking hands
with old friends and making new ones
by his gentlemanly demeanor. Things
in the political world have a rosy hue
to him and he is making a thoroughly
clean candidate. He says that at no
time did he promise to not be a candi-
date and that the rumor about him
having left the track has never had
a semblance of a foundation; that he
is in to win, fairly and squarely.—

WILLIAM WALKER
KILLED NEAR
FT. GAY SUNDAYTivis Yates Fatally Shoots
Magistrate, Claiming
Self Defense.

Near Fort Gay, W. Va., last Sunday
evening, Wm. Walker was instantly
killed by Tivis Yates, a neighbor, at
the home of the latter's father-in-law.

Walker was drinking and is said to
have followed Yates during the day,
annoying and threatening him. Finally
he followed to the home of Yates' father-
in-law and started into the house
saying, "Now I've got you." It is
claimed that he had his hand in his
pocket at the same time. Yates shot
him in or very near the heart. Walker
threw his hand on the wound and a
second shot went through his hand.
The third shot took effect very near
the others, there being not more than
an inch difference in where the three
shots landed. It is said Yates did the
shooting with Walker's pistol. Just
how he got it is not clear in the re-
port given us.

Both men were married. Yates is
about 35 years old and Walker was
about 50. The latter had the reputation
of being a dangerous man.

Yates waived examination and bail
was fixed to answer to the action of
the grand jury.

STROYED BY FIREBig Conflagration Loss Es-
timated Over \$60,000.

Hellier, Ky., Oct. 13.—Fire origina-
ting in Robert McClure's residence
devastated the main business section
of Hellier. The alarm was immedi-
ately sounded and heroic efforts were
put forth by the citizens of this little
coal mining city to check the flames,
but the fire had gained such headway
for while the entire city was doomed,
but through hard work and untiring
efforts of the citizens the upper part
of the city was saved, though not until
the fire had consumed nine buildings,
valued at nearly seventy thousand dol-
lars. The principal and heaviest los-
ers were Cohen & Stryk department
store, their loss being estimated at
more than \$40,000.00. The Cohen &
Stryk buyers were in Chicago buy-
ing fall merchandise and more than
\$10,000 worth of brand new fall goods
was destroyed. The C. & O. lost their
station together with its contents.

An estimate of the loss is as fol-
lows:

BIG SANDIAN IN THE SOUTHWEST

(In a personal letter from A. H. Mc-
Clure, of Yuma, Arizona, the follow-
ing information is given and it will be
of interest to relatives and friends
here:—

Two and a half years ago his daugh-
ter, Louise, married Capt. Owen R.
Rhoads, of the 25th U. S. Infantry. He
afterward did service in Siberia and
then was transferred to Manila, where
his wife joined him. They traveled in
China and Japan and in June of this
year were ordered to the United States.
They are now stationed at San An-
tonio, Texas.

Mr. McClure is at the head of a large
and successful realty, loan and trust
company. His wife was Miss Miriam
Hatcher of Louisa.

RAILROAD STRIKE
CALLED TO START
OCTOBER 30THAll Roads to be Involved
All Trainmen Expected
to Strike.

October 30th is the date fixed for
the union employees of practically all
the railroads in the United States to
quit work as a protest against reduc-
tions in wages and changes in work-
ing rules. The railroads are divided
into groups and the groups will walk
out in succession, 24 hours apart. The
C. & O. is in the group that will strike
November 2.

The railroad officials are preparing
to fight it out. They are announcing
that freight rates will be reduced in
proportion to the wage reductions. Al-
ready some of the roads are advertis-
ing for engineers and trainmen to go
to work October 30, with guarantee of
permanent positions. There are mil-
lions of idle men in the country and
these probably will be standing in line
for the vacant places.

A railroad strike now is not as se-
rious as it was 20 years ago. Motor
trucks by the thousands and tens of
thousands, and automobiles by the
hundreds of thousands will take care
of the absolute necessities of the cities
and country in general.

An announcement from a high union
official on the Pennsylvania system
says 15,000 men on that road will re-
fuse to obey the strike call.

The working rules of the railroad in-
dustry are said to be a greater
handicap to the economic and efficient
operation of railroads than high wages.

S. M. McClure
Seriously Injured in Ac-
cident in Huntington

While on his way to assume his Sab-
bath duties as superintendent of the
Sunday school of Central M. E. Church
South, S. M. McClure, 49, of 1044 Mad-
ison-av., was run down and seriously
injured by an unidentified motorist at
9:15 o'clock Sunday morning. Mr. Mc-
Clure was struck by an automobile,
said to have been speeding, as he
crossed Jefferson-av. at Eleventh-st.
His eleven-year-old daughter, Eliza-
beth, standing on the curbstone, saw
her father's body tossed into the air
by the machine, which disappeared to-
ward the western limits of the city
without stopping to aid the victim. At
a late hour that night, police had been
unable to ascertain the identity of the
car or its driver.

Mr. McClure's right leg and right
shoulder were fractured and he had
suffered also a slight fracture of the
skull. It was stated after he had been
removed to the Kessler-Hatfield hos-
pital in the car of a passerby. He will
recover, barring unforeseen complica-
tions, said hospital authorities. The
leg was broken below the knee when a
wheel of the car passed over it.

Although the happening was seen by
a number of eye-witnesses none was
able to give definite description of the
mysterious automobile. One man sus-
pected of having been the driver of the
car was questioned by the police, but
he was not placed under arrest, hav-
ing offered an unimpeachable alibi, it
was said.

The neighborhood in which the vic-
tim lives was thrown into a state of
indignation by the affair and its shadow
was marked at services at the church
of which he was a member and official.
Mr. McClure, a carpenter, has long
been held in high esteem in the
community in which he lives and many
endeavors and offers of assistance in
obtaining the arrest of the driver of
the mysterious car were received by
his family yesterday. He is married,
and has two children, Donald and
Elizabeth.

With the latter, Mr. McClure left his
residence for Sunday school services.
At the street corner where the acci-
dent occurred, he left the child upon
the curb, because he feared he would
be late and her small legs could not
take the strides his were capable of.
Only a moment after admonishing her
to be careful and to follow him with a
group of her young friends who were
approaching, he stepped in front of the
speeding automobile.—Huntington Her-
ald-Dispatch.

NORTHUP WOOD
BADLY INJURED
A Broken Back Results
From Fall From Mov-
ing Train.

Jay Northup Wood is in a hospital
at Cleveland, Ohio, with a broken back,
and with no hope held out by the phy-
sicians for his recovery. He fell from
the cab of a locomotive last Sunday in
the Cleveland yards of the Big Four
railroad.

He is a son of Dr. H. A. Wood of
Buffalo, and a grandson of Col. Jay H.
Northup of Louisa. A telegram was
received here about 10 a. m. Monday
and Col. Northup and daughter, Miss
Hermia, left at 12:50 for Cleveland.

The physicians say the young man
may live a few weeks or only a few
days. The spinal cord is cut and he is
paralyzed from the hips down. His
father is with him.

The accident occurred when North-
up was leaning out of the window of
the locomotive cab, looking for a sig-
nal. The arm rest gave way and he
pitched headlong to the ground. He
was picked up and hurried to the hos-
pital and given every attention pos-
sible. He has been conscious and
cheerful all the time.

During his childhood Northup of-
ten visited in Louisa. He is about 25
years old. A few years ago he took up
railroad work and was very enthu-
siastic about it. That he should be the
victim of an accident that seems cer-
tain to cost him his life at so early
an age arouses deep sorrow and sym-
pathy in the hearts of his friends and
the friends of the family.
